

Hi team Ruiz!

My name is Glenn Valentin and I'm the director of operations of the Derek Loudermilk Show, a transformational podcast about spirituality, happiness, entrepreneurship and adventure.

Our team is a big fan of the work of Don Miguel and Don José, and we'd be thrilled to have at least one of them as a guest on our show. We are globally ranked within the 1% most listened to podcasts (source: listennotes) with 3000+ listeners/episode. Previous guests include modern philosopher Charles Eisenstein, happiness-researcher Dawson Church, clairvoyant and spiritual thought leader Elizabeth April, sound healer Eileen McKusick, organic farmers Joel Salatin and Jon Jandai etc.

You can find everything about the podcast here:

Please let us know if this is something Don José and/or Don Miguel would be interested in.

Thank you very much,

Glenn Valentin
